

LED DVPEW Series Dust and Vapor Proof Fixture

On Time Lighting's LED Dust and Vapor Proof Wide (DVPEW) fixture series is an excellent choice when the fixture must be protected from dust, moisture, or vapor, yet still have the characteristics of a high efficiency luminaire. Totally enclosed and fully gasketed, the LED DVPEL is a ideal fixture for outdoor locations, food and drug handling areas, locker/shower rooms, swimming pools, humid or cold storage, parking garages, and car washes. The LED DVPEL body is a one piece, compression molded, reinforced polyester fiberglass housing. With lengths of 2, 4 & 8 feet, remote mounted sensors, reflector choices (including MIRO 4, anodized aluminum, and white) and multiple mounting options, the LED DVPEL is very customizable to specific requirements.

Application

- Auditoriums
- Cafeterias / Hotels & Casinos
- Distribution Facilities
- Factories & Warehouses
- Convention Centers
- Aircraft Hangers
- Schools / Colleges / Universities
- Convenience Stores
- Correctional Facilities
- Government & Municipal
- Healthcare Facilities
- Hospitals
- Military Bases
- Museums / Libraries
- Office Buildings / Parking Garages
- Power Generation Facilities
- Repair & Service Centers
- Retail Locations / Supermarkets

Features and Benefits

- **Excellent for cold storage and damp locations** - With its polyester fiberglass housing and ballasts rated down to 0 °F / -18 °C, ideal for installation in cold storage, damp locations, and other locations not suitable for typical LED fixtures.
- **Decorative, glare reducing design** - Looks great in the ceiling and fixture glare is minimized.
- **No color shifting** - LED lamps maintain consistent and stable color throughout life.
- **Low Total Harmonic Distortion (THD)** - Decreased interference with infrared remote controlled electronics and other electronic appliances.
- **High color rendering index (CRI)** - Excellent and accurate color rendering.
- **Advanced computer specular reflector** - Extremely precise light focusing and distribution.
